In several cases, soldiers fired on rioting mobs, and in one case, in a working-class suburb, they fired a cannon shot, hoping to disperse the crowd.

Intermittent firing was proceeding there all day. Hundreds of shops were wrecked and several stores were burned. The ambulances were busy all day. There are alarming rumors from the country districts. It is rumored that the town of Breslitzovak is burning.

The Daily Mail's St. Petersburg correspondent reports that Sir Charles Hardinge, the British Ambassador, has asked the Russian government to make inquiry into the outrages on the British Consul General and Vice Consul at Warsaw.

DISORDERS MORE SERIOUS.

(BY THE ASSOCIATED PRESS-P.M.)

WARSAW, Jan. 29.—The strike disorders are becoming more serious.

The ordinary life of the city is quite suspended. Saturday, the strikers stopped the street-railway service, but remained otherwise orderly. Today, however, they began to pillage. The majority of the shops were looted in two or three principal streets. All the factories, shops and schools and theaters are closed, and the street lights are extinguished. There have been several collisions between the police and strikers, and many arrests have been made. Peace-abiding citizens are terror-stricken.

REPRESSION AT SEVASTOPOL.

(BY THE ASSOCIATED PRESS-P.M.)

LONDON, Jan. 29.—A dispatch to the Daily Graphic from Sevastopol says: "In consequence of the gravity of the situation here, the government has invested the naval and military commanders with full power to repress disorders. Over 500 arrests have been made."

POLES THROWING BOMBS.

(BY THE ASSOCIATED PRESS-P.M.)

VIENNA, Jan. 29.—A telegram from Des Moines, Poland, reports that a bomb was thrown in the cavalry barracks there today, and that many soldiers were wounded. The act is supposed to have been in revenge for brutality in dispersing a workmen's meeting. Other dynamite outrages are reported to have occurred in the neighborhood of Lodz. A gendarme is reported to have been killed.

GORKY IN GREAT DANGER.

(BY THE ASSOCIATED PRESS-P.M.)

ST. PETERSBURG, Jan. 29.—(By Atlantic Cable.) Dr. Theodore Gorky, editor of the Nation, speaking at the meeting of the writers and artists held here Saturday night to formulate plans to secure the release of Maxim Gorky, the Russian author who is confined in the fortress at St. Petersburg, said he hoped the efforts and wishes of the Russian government in America would petition the Russian government in Gorky's behalf. Dr. Gorky, who is the most reactionary member of the imperial family, the head of which is denominated the war party and whom the Liberals stigmatize as Russia's evil genius.

With the first appearance of Father Gopon in the movement, Sergius urged the necessity of putting down the demonstrations in the most energetic manner. Since Sunday last, his hand is in the game.

CZAR LEANS ON SERGIUS.

(BY THE ASSOCIATED PRESS-P.M.)

ST. PETERSBURG, Jan. 29.—(By Atlantic Cable.) 12:25 a.m.—Evidence, is accumulating that Emperor Nicholas, throughout the present crisis, has acted largely upon the advice of Grand Duke Sergius, who is the most reactionary member of the imperial family, the head of which is denominated the war party and whom the Liberals stigmatize as Russia's evil genius.

With the first appearance of Father Gopon in the movement, Sergius urged the necessity of putting down the demonstrations in the most energetic manner. Since Sunday last, his hand is in the game.

OMAHA'S FIRE MOST COSTLY.

(BY THE ASSOCIATED PRESS-P.M.)

OMAHA (Neb.) Jan. 29.—The fire which started last night at midnight in the wholesale district was the most destructive in the history of Omaha. The total loss will exceed half a million dollars.

The flames continued to men, and adjoining buildings until after 4 o'clock this morning, and all day Sunday a number of streams were kept pouring on the ruins. With zero temperature the water was quickly frozen, and tonight the walls of the burned buildings resemble huge ice castles.

Half a block was burned out, but the immense buildings contained great jobbing stocks, which is responsible for the enormous loss. The buildings themselves were valued at not to exceed \$200,000, and were owned respectively by the Mercer and Millard estates. The principal losses on stocks are: S. D. Mercer, on building, \$125,000; E. P. Kirkendall Shoe Company, on stock, \$125,000; M. E. Smith & Co., on stock \$150,000.

considered to have been visible in the appointment of Gen. Treppoff to the Governor-Generalship of St. Petersburg with the exceptional powers conferred upon him.

Grand Duke Sergius is known to be responsible for the charges placarded by Deputy Chief of Police Rostoff of Moscow, which are causing Foreign Minister Lamsdorf embarrassment, and now it is believed, he is about to prevail in the matter of naming Prince Sviatopolk-Mirsky's successor on the Ministry of the Interior M. Boultran, former Governor-General of Moscow, who, like his patron, is an extreme reactionary.

The Associated Press is informed from a high source that Grand Duke Sergius, more than M. Witte, is responsible for the elimination from the imperial manifesto of Minister Sviatopolk-Mirsky's plan for an elected zemstvo council of the empire.

Against Sergius' influence the ministers at present are apparently powerless. Sergius reigns in the little palace inside the strong ramparts of the Kremlin fortress in Moscow, from whence he dispatches daily a courier to Tsarskoe-Selo.

ARRESTS CONTINUE.

Arrests continue. Among those seized last night and conveyed to St. Peter and St. Paul fortress were Yakobovitch, the poet, who served a term of exile in 1881 for connection with the revolutionaries. Mme. Pimenoff, an aged writer, and her daughter.

Father Gopon, it has now been definitely established, escaped through Finland, and was conveyed across the Gulf of Sweden by sympathetic friends, and is now in Stockholm. A story has been started, and which is attributed to the police, that Gopon is a Jew.

A number of his nobility in one of the central provinces, has expressed the opinion to the Associated Press that the government could not afford to let itself from the present situation without very substantial concessions.

MORE TROUBLE IN POLAND.

The situation in Poland is increasingly threatening, especially in Warsaw and Lodz. At the latter place it is reported that 10,000 men are out on strike. There are prospects of extension of the strike to Odessa and other manufacturing cities of Southern Russia, where the workmen are well organized. Meanwhile practically all classes anticipate renewed troubles.

DISTURBANCES IN ITALY.

(BY THE ASSOCIATED PRESS-P.M.)

ROME, Jan. 29.—(By Atlantic Cable.) Many meetings were held today in the principal towns of Italy, to protest against the alleged Russian cruelties. At Brindisi, an attempt was made to force the door of the consulate. In Rome, notwithstanding a prohibition by the government and a great display of troops, 5000 of which had been brought from the provinces to reinforce the ordinary garrison, about three thousand people assembled and tried to break through the cordon of troops and reach the capital.

There were cries of "Long live the Russian revolution," "Down with the autocracy and the Cossacks." The troops, which included Carabineers, infantry, cavalry and artillery, charged the demonstrators, and many were unable to force their way to the capital; the mob went to the royal palace, but were again dispersed, regathering in lesser numbers in the Piazza Venezia, where they were finally scattered by more energetic cavalry charges. Several persons were wounded and many arrests were made.

ST. PETERSBURG, Jan. 29.—(By Atlantic Cable.) The Holy Synod has addressed the following circular to the orthodox with reference to recent events:

"At the moment when all should have stood united for the protection of the Fatherland, strikes broke out in the capital and other towns, and thousands at home and abroad, up work, determined forcibly to maintain rights which they alleged had been trampled under foot. Many peaceful citizens were deprived of bread and many of their comrades uselessly forfeited their lives. Those who led them astray had in their midst a criminal priest, who impudently disavowed his sacred vow and is now before the ecclesiastical court. He was not ashamed to give into the hands of the workmen he had deceived the holy cross and pictures and the church banners which he had forcibly taken from a chapel, in order, under the pretense of the sacred relics so dear to the faithful, to lead men to disturbances and some even to death.

"The most grievous fact is that the disturbances were caused and brought by Russian enemies and that considerable sums of money were received to create civil war, by drawing men from their work, to prevent the due dispatch of land and sea forces to the Far East and to supplying the active army with all its needs. Russian enemies are striving to shake down her pillars of orthodoxy and autocracy, without which Russia would come to ruin.

"What a grief it is that orthodox people should rise against the lawful power and against the emperor, while their brothers are fighting in the Far East and the Emperor and Empress are endeavoring to alleviate the sufferings of the wounded."

The circular concludes with adjuring the people to render obedience to the Emperor and the authorities.

"Let the clergy," it says, "admonish their flocks to keep the peace. Let those in power seek the truth and defend the oppressed. Let the rich do good and let the workers obey God's commands and beware of false counselors who are the associates or are in the pay of the enemy and desirous of bringing Russia to ruin."

"BLIZZARD KILLS STRIKE."

(BY THE ASSOCIATED PRESS-P.M.)

MOSCOW, Jan. 29.—(By Atlantic Cable.) The strike is considered, to be practically over. A blizzard has rendered excellent service to the authorities in keeping the people indoors, and there was not the slightest disturbance today on the part of the strikers.

The authorities, however, have taken exceptional precautions to avoid the assemblage of crowds. Even the Sunday markets were closed. Strong pickets were posted all over the city, inside the factories and outside. There are about 30,000 troops in the city.

It is reported that the police Saturday night sent a thousand of the most obstreperous strikers back to the villages. Father Petroff, a noted St. Petersburg labor leader, returned from the capital tonight. He censures Father Gopon's attitude, as indicated in his last proclamation, announcing himself as a revolutionist. Petroff declared that Gopon hereby condemned himself.

Indications point to a general resumption of work in the Moscow mills and factories Tuesday. The University will reopen Thursday.

Grand Duke Sergius will return to St. Petersburg tomorrow.

STREET-CAR BANDITS RESUME BUSINESS.

Another Pico Heights Car Held up at Western Terminal—Conductor Roughly Handled and His Pockets Rifled by Three Men.

ANOTHER street-car hold-up was added last night to the long list of robberies that have occurred in the city during the past few weeks. The hold-up took place about 10:45 o'clock at the end of the Pico Heights car line, opposite Gramercy Place. The robbers secured about \$25 and a silver-cased Waltham watch belonging to the conductor.

Car No. 317, with James Fitzgerald as motorman, and A. Blackstock as conductor, had just finished the last trip but one for the evening. The conductor had swung the trolley pole around to the rear end of the car, and was just ready to place it on the trolley for the trip toward the west end of the car and started toward the front end with it.

This left the car in darkness, and at that moment three men, who were waiting for the car to arrive, stepped out from behind the car and ordered the conductor to throw up his hands. With an oath the fellow struck the conductor on the right temple, and another man came up behind the conductor, pinioned the street car man's arm behind him, while a third man went rapidly through his pockets, taking about \$25 and a Waltham silver-cased open-faced watch.

Conductor Blackstock attempted to

grapple with the robbers, but in the

tumble was rolled in the mud and his

coat was badly torn. One of the men

kicked him viciously in the left thigh

and on the knee, and the conductor

was rolled down the embankment be-

lieving the men released him.

He was then ordered to get aboard

his car and to start for the city at once,

and the three men struck off at a rapid

pace toward Sherman.

All the conversation was carried on

in a very subdued tone, and Motorman

Fitzgerald was not aware of any trouble

until he walked back to see why

he took the conductor so long to replace

the trolley for that time the robbers

had started away.

Blackstock at once telephoned news

of the robbery, and a squad of detec-

tives was sent out from the Police Sta-

tion, but as the conductor did not get

sight of any of the men's faces, and

as they had such good opportunity to

escape in the heavy fog, there is little

chance of their being caught.

Of the money taken, \$15.00 belonged

to the conductor, and the balance was

street car company money. The watch

was a fine one, and was especially

valued, as it had been the property

of the father of Mrs. Blackstock,

and was worn by her husband as a

keepsake. Its value was only \$15.

Blackstock presented a rough appear-

ance when he reached the downtown

district last night, after the hold-up.

His coat was badly torn; his face was

swollen from the blow of the robber,

and his clothing was covered with mud.

He was then ordered to get aboard

his car and to start for the city at once,

and the three men struck off at a rapid

TOOK CURVE TOO RAPIDLY.

University Car Derailed on Account of Fog.

Passengers Badly Shaken up but Nobody Hurt.

Traffic Blocked for Two Hours by Wreck.

Owing to the dense fog which pervaded the city last night, one of the big cars of the University line of the Los Angeles Railway Company struck a sharp curve almost at full speed, went off the track at a tangent, turned almost completely over and blocked both tracks for several hours.

The accident happened at 11 o'clock at the corner of Twenty-third street and Estrella avenue. There were fifteen passengers in the car and all of them were thrown from their seats, but, strange as it may seem, none was seriously injured although several were painfully bruised. F. Cox, the motorman, was thrown against the control-

ler with such violence that his back was severely wrenched, but he was able to remain on duty and assisted the wrecking crew in righting the car.

The car, southbound, was running along Estrella avenue at almost top speed. At the intersection of Twenty-

third street, just at the northerly en-

trance to Chester Place, there is a sharp curve, in approaching which the

speed of all cars is reduced. Cox could see only a short distance ahead

on account of the fog, and his vision was further obscured by the moisture

which collected on the window in front of him. He did not notice that

he was taking the curve too fast until, less than a car length ahead, he

suddenly saw the beginning of the curve.

It was then too late to stop, al-

though Cox tried to do so. Before he

could reverse his current or apply the

air brakes the heavy car struck the

curve. Of course, it was impossible

for it to round the curve at such speed,

and one set of trucks followed the rails

while the other set climbed the guard

rail and plowed into the street. This

caused the car to turn over across both

tracks.

Most of the passengers were riding

outside and by clinging to the seats

they saved themselves from injury,

and they climbed out of the wreck

without further injury. The wrecking

crew worked for nearly two hours to get

the car back on the rails. During that

time the other cars of the line were

transferred around the wreck.

It was then too late to stop, al-

though Cox tried to do so. Before he

could reverse his current or apply the

air brakes the heavy car struck the

GLORIOUS D

Fifteen Thousand P
by the Evangelistic M

Desire to Follow the C

A spirit of enthusiasm that at-
tended yesterday's meetings in the
various districts of the evangelistic
movement was surprising even to the
most experienced workers. The
entire process appears to be
very satisfactory in Los Angeles.
Conservatively estimated that
15,000 to 18,000 people attended
the meetings in the seven districts, and
the number in promised additional
meetings in the future is un-
usually great.
It is natural that the evangelists
who are about to leave for the
other side of the world, and who
are engaged in a campaign that has
been a twenty-one day's siege,
should have a day of rest and
refreshment on the eve of their
departure. The meetings were
held in the afternoon, one for
men and the other for women, and
were held in every way. There was
not enough to contain the people and
women by hundreds signified
their desire to follow the
evangelists. A meeting
was held at the First Methodist
church, which was large in proportion
to the others, and last night every
seat in the church was packed to
overflowing.

KANSAS'S OIL FIGHT.

Legislature at Topeka Today Begins War Against the Trust—State Refinery Would Save Eight Hundred Thousand Dollars Annually.

[BY DIRECT WIRE TO THE TIMES.]

TOPEKA, Jan. 29.—[Exclusive Dispatch.] The big fight in the Kansas Legislature will begin tomorrow, when the first battle of the war on the Standard Oil Company will be fought. The proposal now before both houses to establish a State oil refinery in opposition to the Standard Oil Company is the paramount issue, and Representatives and Senators living out of the oil belt are being flooded with letters and petitions from constituents to vote for an appropriation of \$400,000 for a State refinery, to be run in connection with the State Penitentiary and to use convict labor in the refining of oil.

The last named proposal has aroused organized labor, and opposition to the scheme is rising from that quarter. Others oppose it on the ground that it is Socialistic, and that if the plan were carried out to the limit Kansas would soon be engaged in the business of refining its own packing-houses, flour mills and salt plants. The advocates of a State refinery assert that the consumers of the refined product in Kansas will save

2 cents per gallon on oil, and that that saving will amount to \$500,000 annually.

ROCKEFELLER WANTED.

[BY THE ASSOCIATED PRESS.—P.M.] CHICAGO, Jan. 29.—The following advertisement appeared today in several local newspapers:

"Personal.—A very liberal reward will be paid for reliable information as to the present whereabouts of John D. Rockefeller, Sr., president of the Standard Oil Company. Call or address L. A. Gourdain, 131 Dearborn street, Chicago."

Gourdain is under indictment by the Federal grand jury on the charge of advertising a lottery through express companies. He desires to subpoena Rockefeller to testify regarding the legality of his business. He gave the United States Marshal \$200 a week to defray Rockefeller's expenses to Chicago, but that official reports that the gentleman could not be found.

Gourdain maintains that he is simply dealing in options on oil lands in Louisiana. The government has subpoenaed seventy-five witnesses from Chicago, New Orleans and San Francisco.

JAPS MUST NOT BE BARRED FROM CANADA,

[BY DIRECT WIRE TO THE TIMES.]

OTTAWA, Jan. 29.—[Exclusive Dispatch.] The Dominion government has disavowed the British Columbia Act, which aimed to bar out of that province all Japanese immigrants unable to satisfy the educational test. Anything tending to exclude Japanese immigration from this country will not be sanctioned by the Federal authorities, and, under present conditions, restrictions placed upon Japanese immigration would be considered inimical to the imperial policy.

Alexander MacLean, Canadian commercial agent in Japan, reporting to the Department of Trade and Commerce at Ottawa, says the Japanese regard themselves as being excluded from Australia and Canada. These people claim with truth, he says, that they are industrious, frugal, orderly and peace loving; that they have, in practice, the leading attributes of present-day civilization—constitutional govern-

ment, civil and religious liberty, popular education, facilities for the cultivation of art and science.

MacLean says the Japanese all agree that Korea and Manchuria, under the Japanese government, will afford a good market for the world's trade, and he is of the opinion that Japan will hold its territory by her arms.

REFUGEES LEAVE CHIEFO.

[BY THE ASSOCIATED PRESS.—P.M.] CHIEFO, Jan. 29, 3 p.m.—[By Asiatic Cable.] Three steamers, bearing 2000 refugees from Port Arthur, sailed for Odessa today.

Two junks, a vanguard of twenty-five, which left Port Arthur January 27, arrived here today. The weather is the coldest that it has been this season, and a majority of the women and children on the junks were nearly frozen to death. They were resuscitated by artificial means.

MOFFAT SELLS OUT TO GOULD INTERESTS.

[BY DIRECT WIRE TO THE TIMES.]

DENVER (Colo.) Jan. 29.—[Exclusive Dispatch.] David D. Moffat has sold the Denver, Northwest and Pacific Railway, generally known as the Moffat road, to the Gould interests now controlling the Rio Grande, and the latter company will use the Moffat to that point as its main line for through traffic.

The reason for the sale is the fact that Moffat has used the available cash

portion of his fortune in building the road as far as he has, and because of the united opposition of all financial interests likely to be affected adversely by the completion of the road, he has been unable to get more money.

It is possible that the Union Pacific is a party to the purchase of the road, also, and will have a branch south from its Wyoming main line.

A. C. Bidwell, general manager of the Moffat road, is to succeed J. A. Edson as manager of the Rio Grande. It is said that all the Gould interests in Colorado, including the Colorado Fuel and Iron Company, will be placed under one management, and Senator Wolcott will be general counsel for it, and thereby will become the most influential political factor in the State, regaining all lost laurels.

Mr. Bidwell has been in the East several days. Several minor officials seen in

this city admit knowledge of the deal, but say they do not know who is buying.

MEYER SETTLEMENT.

REFLECTED IN THE MARKET.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Jan. 29.—[Exclusive Dispatch.] The great strength in some of the leading railroad stocks yesterday, particularly Erie, Union Pacific, Chicago & Northwestern, and an advance of five points in Northern Securities, to 155 3/4, the highest price the stock has ever reached, gave rise to all sorts of sensational rumors in Wall street and predictions were freely made that a settlement of the railroad situation in the Northwest was on the eve of being accomplished. In many well-informed quarters this view of the situation was very generally accepted as reasonable and probable. Many facts were cited in support of this view which are of more or less general knowledge in the highest financial circles.

The advance in Northern Securities stock, for instance, reflected the very general opinion that the Supreme Court will on Monday reject the petition of the Harriman interests for a writ of injunction against the decision of the court, in favor of the company's plan for a distribution of its assets. If that is done, the way will be cleared for the final settlement of the whole railroad situation in the Northwest. With all possible quibbles by anyone disposed of, there will then be no longer any obstacle to the final settlement of the Northern Securities matter and the final adjustment of the railroad situation in the Northwest.

Whichever way the case is decided by the court, it will not make any difference in the actual situation, as the case, as the principal litigants long ago agreed on a modus vivendi, or as Wall street men put it, they have agreed to split on the community of interests plan. The Union Pacific Railroad Company will be put in a position to put its present remarkable strong position will be consolidated with a concrete example of community of interest in the railroads of a very lasting character.

FOREIGN POWERS ARE LIKELY TO MAKE TROUBLE.

She Cannot Pay the Interest on Her Debts This Year, and the German Fleet is Expected to Make a Naval Demonstration for the Purpose of Intimidating Her.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Jan. 29.—[Exclusive Dispatch.] The Tribune prints the following, under date of January 24, from its correspondent in the City of Mexico:

"Throughout the break of war in the Far East, Guatemala has escaped trouble with European powers, the attention of creditors being called away from the Central American Republic for the time being. But it is probable that, as soon as the Russo-Japanese War is ended, Central American countries will face a grave crisis because of the debts of Guatemala."

"Guatemala's proposition to pay her foreign debts at the rate of three Guatemalan dollars for one gold dollar has not been refused by European creditors, and the creditors are not disposed to refuse it until the world is again at peace. Then they must take action, which will call for the intervention of the United States. The gold dollar is worth thirteen Guatemalan dollars. President Cabrera, through manipulation, is trying to raise the price of Guatemalan money, but it is not certain that the increase in price will instill confidence among the creditors."

"Guatemala cannot pay the interest on her debts this year. Because of this, creditors are clamorous, the Germans being especially threatening. The Germans are likely to start trouble, being supported by English, French and Italians."

"When the final dispute arises over Guatemala's debts, the German fleet, which is now in American waters, will be close at hand, and will make the customary demonstration to intimidate the Central American republic."

WHERE'S FAIR MRS. THURBER?

Will She Prosecute Diamond Case This Morning?

Defendant Olsen's Long Wait in the City Jail.

Will the Story of Naughty Things Come Out?

Will the handsome Mrs. James W. Thurber appear in the Police Court this morning at 10 o'clock and prosecute J. P. Olsen for the alleged theft of her diamonds which are valued at \$1000?

This question has puzzled the prosecution for several days, as the fair complainant has been absent from the city and it has been broadly hinted that if she prosecuted her cause Olsen would tell things that would not look well for Mrs. Thurber, and that when the true facts of the locally famous diamond case came out, the house of Thurber would be divided against itself and a divorce suit might follow.

On the other hand, friends of Mrs. Thurber claim that she has gone so far in causing the arrest and incarceration of Olsen that in justice to herself and her husband she cannot refuse to prosecute the man she claims has robbed her.

Carl Rogers, counsel for Olsen, returned from San Diego yesterday noon, and if nothing unforeseen happens to prevent, he says he will take up the defense of his client when the case is called. As a key of the District Attorney's office, who will have charge of the prosecution, says he will be ready to press the case this morning, Olsen is "willin'." In fact, he has been for weeks. He wanted to go ahead with the trial the last time a postponement was granted at the request of his attorney, but Rogers advised him to wait. Olsen has spent forty days in jail awaiting his preliminary hearing and is tired of his job.

And now it is the say of Mrs. Thurber. All depends upon her appearance in court, for without her the prosecution can do nothing. A dismissal of the charges will inevitably result if she refuses to prosecute. In that event the public would never know the "bottom" facts concerning that little diamond transaction in which the fascinating Mrs. Thurber and the dashing Mr. Olsen got rich-quick fame in San Francisco. Rogers is positive.

HISTORY OF THE CASE.
Mrs. Thurber is the wife of James W. Thurber of the firm of French & Thurber, railroad contractors, with offices on West Third street. Thurber was absent from the city at long intervals, and his handsome wife found time to spend heavily on her hands, when Olsen met her. Olsen lived for a while at the Hotel Munn on South Olive street, and during his sojourn there Mrs. Thurber and her sister, Mrs. Woods, also a stunning looking woman, occupied apartments in the same building. Olsen and his sister, Mrs. Woods, finally paid for certain mid-night suppers at downtown cafes and trips to the country were a part of the daily life of the trio.

One day, Mrs. Thurber says, she decided to place her diamonds in a safety-deposit vault, and to Olsen was entrusted the safe removal of the gems. Olsen moved them, but the safe of a Main-street pawnshop was where they finally rested. A few days later Olsen disappeared.

Then Mrs. Thurber began to suspect that all was not right, and a search for the precious stones was commenced. In desperation the police were appealed to and detectives located the diamonds in a pawnshop. Later Olsen was arrested in San Francisco. He was brought back to Los Angeles December 12 last on a charge of felony embezzlement, and he has languished in the City Jail ever since that date.

Olsen's case has been called in court three times, and on each occasion Mrs. Thurber was in court, but for divers reasons, continuances were granted by Justice Chambers. Olsen has remained in jail awaiting a preliminary hearing more than any other prisoner on record at the city hall. He has made a model prisoner. He claims that he is innocent of the charge of embezzlement, but he does not deny that he pawned the jewels.

"But," adds Olsen, "I did it at the request of Mrs. Thurber and the money was spent on a good time, in which she, her sister and I participated."

SIX BUSINESS PLACES BURN.
ALL RAMSHACKLE STRUCTURE BUILT IN OLD TIMES.
Firemen Wet Down Can of Gunpowder and Prevent an Explosion. Total Loss of the Traveling Pushcart With "Your Home Paper" on Board.

The frame building on the south side of Eighth street and extending from Main to Spring, containing six small places of business, was almost totally destroyed by fire last night, the damage being such that it will be impossible to repair the structure, and under the existing ordinances it will be necessary to build a more substantial building there. Judged from the standpoint the fire was rather a benefit than anything else for the reason that the building was only a shack, built before the business section of the city extended that far south.

The fire started in the rear of the Jolly restaurant, No. 802 South Spring street, and is supposed to have been caused by a soda defect in the range. It probably had been smoldering a long time, for soon after the flames were first seen they spread to almost every part of the building. By the time the firemen arrived in response to a telephone alarm, followed by two box alarms, the building was a mass of flames, and to save it was impossible. There was no wind, and surrounding property was seriously menaced, although the occupants of nearby buildings were saved by moving out most of their belongings.

'T WAS DRIEST SUNDAY YET.

Police Stop Sandwich Parce in the Saloons.

No Liquor Yesterday Except With Genuine Meals.

Fake Drug Stores Dare Not Sell Any Grog.

If you wanted a drink yesterday you had to know where to get it and how, or else go dry. It was the driest Sunday that Los Angeles has known in years and there were only two arrests for drunkenness, as compared with twenty the Sunday before. The man who likes to take a quiet "smile" in his favorite drug store found his supply cut off from that source for one day at least. The soak who has long had recourse to the saloons which hold restaurant liquor licenses found in his sorrow that these fake restaurants were out of business, and the possession of such a license did not carry with it the right to sell drinks except with a bona fide meal. In days gone by petrified sandwiches and ossified beans served to answer

SANTA BARBARA.

OCEAN BOULEVARD OPEN.

SANTA BARBARA, Jan. 29.—The new Ocean Boulevard was opened to public travel today for the first time in eight months, during which time it has been rebuilt. There was a dispute yesterday between the contractors and

the Park Commissioners, the latter refusing to accept the new boulevard until it has been swept clean. This provision was not in the contract requirements, and the contractors refused to do the work. Mayor Edwards at last arrived on the scene, and told the contractors that he would accept the work as it was, and ordered it opened at once.

CLOSE GOLF SCORES.
There was another interesting golf tournament at the Country Club links on Saturday afternoon, in which over twenty players were entered in the regular sweepstakes medal contest. G. J. Kaine and H. S. Gane were the main stay of the contest, and E. A. Robinson's 89 was the best gross score.

DEATH'S HARVEST.
Santa Barbara is mourning the death of one of its citizens who have passed away within the last two days. Two of these, ex-Mayor P. J. Barber, and Mrs. Mary L. Ott, were old-time residents. Herbert M. Moore, who here two years ago from New Hampshire and was conducting a garage at No. 21 West Canon Perdido street. He leaves a widow and two daughters. Mrs. August Oliveira was born here in 1828, and leaves a host of relatives.

WOO GAY HAPPY.
The little home of Woo Gay was the center of attraction for the city yesterday, owing to the christening of his two weeks' old son. Woo Gay is a young merchant who has been married one year and has the prettiest little wife in the village. The ceremony was carried out to the finest point of oriental detail, with the grand mother, herself the mother of ten children, in full charge. Strangers were not admitted to the dazzling splendor within, where tables were heaped high with delicacies of the Chinese banquet, but outside spectators watched closed carriages come and go with their burdens of gayly-attired women and children. The fat-checked boy was treated like a king, and presents of gold, silver and jewelry, amounting to more than \$200, were bestowed upon him.

KILLED BY FALL.
James O'Connor, a baker, fell from a wooden scaffold at Arcadia, San Jose, last night and sustained injuries which resulted in his death at Monrovia a few hours later. O'Connor lived in Los Angeles, Saturday night he started for Monrovia with a friendly teamster and climbed on top of a load of hay. He slept for a short time during the journey, and it is thought that he fell while asleep. His skull was fractured. An inquest was held at Monrovia yesterday and a verdict of accidental death was returned.

PERSONAL.
A. L. Young, electrical manufacturer of San Francisco, is at the Van Nuys, A. B. Dwight, Chicago paper manufacturer, registered at the Anglin yesterday. Mr. Dwight is accompanied by his wife.

Lawrence Thompson, formerly of the law firm of Thompson & Eddy, will enter Harvard next fall to study for the ministry.

WHITE MAN NOT WANTED AT NEW YEAR'S CELEBRATION.

Slant-eyed Merchants Claim That Visitors Take Their Chair Seats for Souvenirs of Temples and Make Fun of Festivities—Preparations Being Made.

The edict has gone forth in Chinatown that all doors shall be closed to the white man during Chinese New Year, which will begin on Friday.

If this decision is carried out it will mean that the inquisitive tourist must hear the discordant music of the Chinese temples from the street, below, sniff the odor of the holiday fruits and candies from afar, and be content with the crackle of strings of fire-crackers and fleeting glimpses of gayly-attired women and children as they flit from one house to another.

A merchant in Chinatown explained to a Times man yesterday that "Mekian woman, she think all big joke to take chair seat, pipes and China lantern."

PRINCE EITEL'S CONDITION.
BERLIN, Jan. 28.—The physicians waiting on Prince Eitel issued a bulletin tonight saying that during the day the Prince's temperature ranged from 100.4 to 100.7, and that his pulse was strong at 90 and he had regular respirations.

THE NEW SANTA BARBARA BOULEVARD.
The Park Commissioners, the latter refusing to accept the new boulevard until it has been swept clean. This provision was not in the contract requirements, and the contractors refused to do the work. Mayor Edwards at last arrived on the scene, and told the contractors that he would accept the work as it was, and ordered it opened at once.

CLOSE GOLF SCORES.
There was another interesting golf tournament at the Country Club links on Saturday afternoon, in which over twenty players were entered in the regular sweepstakes medal contest. G. J. Kaine and H. S. Gane were the main stay of the contest, and E. A. Robinson's 89 was the best gross score.

Herbert M. Moore, who here two years ago from New Hampshire and was conducting a garage at No. 21 West Canon Perdido street. He leaves a widow and two daughters. Mrs. August Oliveira was born here in 1828, and leaves a host of relatives.

WOO GAY HAPPY.
The little home of Woo Gay was the center of attraction for the city yesterday, owing to the christening of his two weeks' old son. Woo Gay is a young merchant who has been married one year and has the prettiest little wife in the village. The ceremony was carried out to the finest point of oriental detail, with the grand mother, herself the mother of ten children, in full charge. Strangers were not admitted to the dazzling splendor within, where tables were heaped high with delicacies of the Chinese banquet, but outside spectators watched closed carriages come and go with their burdens of gayly-attired women and children. The fat-checked boy was treated like a king, and presents of gold, silver and jewelry, amounting to more than \$200, were bestowed upon him.

KILLED BY FALL.
James O'Connor, a baker, fell from a wooden scaffold at Arcadia, San Jose, last night and sustained injuries which resulted in his death at Monrovia a few hours later. O'Connor lived in Los Angeles, Saturday night he started for Monrovia with a friendly teamster and climbed on top of a load of hay. He slept for a short time during the journey, and it is thought that he fell while asleep. His skull was fractured. An inquest was held at Monrovia yesterday and a verdict of accidental death was returned.

TO CLOSE DOORS IN CHINATOWN.

WHITE MAN NOT WANTED AT NEW YEAR'S CELEBRATION.

Slant-eyed Merchants Claim That Visitors Take Their Chair Seats for Souvenirs of Temples and Make Fun of Festivities—Preparations Being Made.

The edict has gone forth in Chinatown that all doors shall be closed to the white man during Chinese New Year, which will begin on Friday.

If this decision is carried out it will mean that the inquisitive tourist must hear the discordant music of the Chinese temples from the street, below, sniff the odor of the holiday fruits and candies from afar, and be content with the crackle of strings of fire-crackers and fleeting glimpses of gayly-attired women and children as they flit from one house to another.

A merchant in Chinatown explained to a Times man yesterday that "Mekian woman, she think all big joke to take chair seat, pipes and China lantern."

OPERATIONS AVOIDED
Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from ovarian or womb trouble, that an operation is necessary it is, of course, a frightener. The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for ovarian or womb operations. It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations. Margrite Ryan, Treasurer of St. Andrew's Society, Hotel English, Indianapolis, Ind., writes of her cure as follows:

Dear Mrs. Pinkham:—I cannot find words to express my thanks for the good Lydia E. Pinkham's Vegetable Compound did me. The doctor said I could not get well unless I had an operation for ovarian and female troubles. I knew I could not stand the strain of an operation and made up my mind I would be an invalid for life.

Hearing how Lydia E. Pinkham's Vegetable Compound had saved other women from serious operations I decided to try it, and in less than four months I was entirely cured, and words fail to express my thankfulness.

Miss Margaret Merkley of 275 3d Street, Milwaukee, Wis., writes: "Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing down pains, and extreme irritation compelled me to seek medical advice. The doctor, after making an examination, said that I had ovarian trouble, and advised an operation as my only hope. To this I strongly objected, and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound."

To my surprise the ulceration healed, all the bad symptoms disappeared, and I am once more strong, vigorous and well; and I cannot express my thanks for what it has done for me.

Ovarian and womb troubles are steadily on the increase among women—and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham at Lynn, Mass. for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all ovarian troubles, inflammation, ulceration, falling and displacement of the womb, leucorrhoea, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her advice and Lydia E. Pinkham's Vegetable Compound.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.
